RE: Modification of Coverage under the VPDES Construction General Permit (VAR10)
General Permit No. VAR10K065
GRD2017-00033
Episcopal High School Faculty Homes
Residential
Alexandria

Dear Permittee:

DEQ has reviewed your modification request received on January 08, 2019 and determined that the proposed modification is covered under the General VPDES Permit for Discharges of Stormwater from Construction Activities (VAR10). Please include a copy of this letter in your Stormwater Pollution Prevention Plan (SWPPP) for the referenced land-disturbing activity. Additionally, coverage under this construction general permit does not relieve the operator of complying with all other federal, state, or local laws and regulations.

As a reminder, in accordance with the Virginia Stormwater Management Program State Permit Fee Regulation (9 VAC 25-870-830), you may be required to pay an annual permit maintenance fee until coverage under this general permit is terminated. If you are required to pay an annual permit maintenance fee, you will receive an invoice from the VSMP Authority including the amount and due date.

The general permit will expire on June 30, 2019. The conditions of the general permit require that you submit a new registration statement at least 90 days prior to that date if you wish to continue coverage under the general permit, unless permission for a later date has been granted by the Board. Permission cannot be granted to submit the registration statement after the expiration date of the general permit.

If you have any questions about this letter, please contact the DEQ Office of Stormwater Management at ConstructionGP@deq.virginia.gov.

Sincerely,

A handwritten signature in blue ink that reads 'Jaime B. Robb'.

Jaime B. Robb, Manager
Office of Stormwater Management
