RE: General VPDES Permit for Discharges of Stormwater from Construction Activities (VAR10)  
DEQ General Permit No. VAR10E540  
Covington Woods Addition, Springfield  
Reissuance Reminder Letter

Dear Permittee:

The General VPDES Permit for Discharges of Stormwater from Construction Activities (VAR10) was adopted by the State Water Control Board at its December 13, 2013 meeting and will be reissued with an effective date of July 1, 2014. This general VPDES permit provides coverage to stormwater discharges from all qualified construction activities for operators that submit a complete and accurate registration statement and are approved for coverage.

General VPDES permit holders should complete and submit the 2014 registration statement, 2014 permit fee form, and 2014 permit fee on or before **June 30, 2014** if they wish to continue coverage under this general permit reissuance. A copy of the 2014 registration statement and 2014 permit fee form can be found on the Department's website at the following location:

<http://www.deq.virginia.gov/programs/water/stormwatermanagement/vsmppermits/constructiongeneralpermit.aspx>

Instructions for completing the 2014 registration statement are included with the registration form. The application fee for this general permit varies, and should be submitted in accordance with the 2014 permit fee form instructions.

Chesapeake Bay Preservation Act land-disturbing activities (i.e., construction activities resulting in land disturbance equal to or greater than 2,500 square feet and less than one acre within areas designated as subject to the Chesapeake Bay Preservation Act) are no longer subject to coverage under the 2014 general permit. Operators of these construction activities are not required to apply for continued coverage under this general permit.

If your land-disturbing activity has been completed and final stabilization has been achieved, please submit a 2009 Notice of Termination form. This form can be found on the Department's website at the link provided above.

Please contact me at (804) 698-4037 or the Stormwater Permit Processor at (804) 698-4085 if you have any questions.

Respectfully,

Andrew J. Hammond II, PE, HIT  
Office of Stormwater Management
